### CERTIFICATE OF THE REGISTRATION OF A FOREIGN COMPANY.

"Companies Act," Part IV., and Amending Acts.

*"Cariboo Mining and Development Company" (Foreign.)*

Registered the 27th day of July, 1896.

I HEREBY CERTIFY that I have this day registered the "Cariboo Mining and Development Company" (Foreign) under the "Companies Act," Part IV., "Registration of Foreign Companies," and amending Acts.

The head office of the said Company is situated at the City of Seattle, in the State of Washington, U.S.A.

The objects for which the said Company is established are:—To carry on the business of mining in all its stages and in all its branches; to acquire in any lawful way mines, mining claims, prospects, ores, mills, machinery, smelters and reduction works, mill sites, real estate, tools, processes and appliances necessary, useful or convenient in and about the aforesaid business, and to operate and maintain the same; to lease, sell, mortgage or otherwise dispose of or encumber in any lawful manner all or any part of the property of the Company, real, personal or mixed, and generally to do all things of every kind or nature necessary or convenient to the promotion of the objects of the Company.

The capital stock of the said Company is three hundred thousand dollars, divided into three hundred thousand shares of the par value of one dollar each.

Given under my hand and seal of office at Victoria, Province of British Columbia, this 27th day of July, 1896.

[L.S.] S. Y. WOOTTON,

aul Registrar of Joint Stock Companies.

## SOCIALIST CONGRESS.

### Declares Against Standing Armies—The Irish Land Bill in the Lords.

### Bomb Throwing in Marseilles—Dr. Jameson's Case—Hurricane at Hongkong.

LONDON, July 31.—The abolition of standing armies and the substitution for them of international arbitration was discussed in the Socialist Congress to-day. Many of the delegates opposed the abolition of armies, claiming that it would place the proletariat more in the power of the upper classes. An English delegate, Mrs. Black, dwelt upon the importance of the prospective arbitration between the United States and Great Britain, and proposed that the congress "send word to the wretches, Lord Salisbury and Secretary Olney, that congress insists upon this arbitration." Mr. Saniel, an American delegate, contended that the Congress ought not to pay much attention to the proposed arbitration, asserting that the middle classes would never resort to arbitration unless there was more money in it than in war. Mrs. Black's proposal was not adopted. The report of the commission was then passed in favor of the abolition of standing armies and the establishment of a national citizen force, and in favor of the establishment of a tribunal of arbitration whose decision should be final and whose duty it should be to regulate disputes between nations, adding that the question of war or peace should rest with the people when governments refused to accept the award of the tribunal of arbitration, and also protesting against secret treaties, declaring that the workingmen can only obtain the objects enumerated by gaining control of legislation and allying themselves with the International Socialist movement.

The congress later adopted after discussion the report of the committee on organization, favoring the establishment of a permanent international committee and international bureau of information, and recommending that "in view of the great emigration of Europeans to America, enabling concentrated capitalism to reduce wages and overcome the workingmen's resistance of oppression and degradation, arrangements be made to distribute among emigrants Socialist literature and information in various languages to enable them to join the organization."

In the Commons to-day, the first lord of the treasury, Mr. Balfour, replying to question, said the time had not arrived for the consideration in connection with the sixtieth anniversary of the reign of Queen Victoria of the release of the Irish political prisoners.

The home secretary, Sir Matthew White Ridley, replying to a question whether the government would lay on the table the statement of the lord chief justice regarding the case of Mrs. Florence Maybrick, said the government would not do so, as the course was unusual and undesirable. The letter was written by the lord chief justice in his private capacity and not in his capacity as judge.

Sir Mathew White Ridley announced in the House of Commons to-day that after considering all the circumstances in the case, he had advised the Queen to make Dr. Jameson and his fellow prisoners first class misdemeanants, hence they had been returned to Holloway jail.

In regard to the statement published from Caracas, Venezuela, in a New York newspaper to the effect that the Venezuelan government had received information that strong British forces occupied the unfinished trail from Acarabasi to Allcura, preventing the passage of all Venezuelans, the Associated Press is informed that the only foundation for the report lies in the fact that about 200 police were sent there after the arrest of Crown Surveyor Harrison. No other force has been sent to the spot and no further trouble is expected.

The House of Lords has passed to its second reading the Irish land bill after eight hours debate, but without division.

A terrible fire has been raging at Libau, Russia, since Wednesday. Several streets are in flames and the firemen are unable to cope with the situation.

The Berlin correspondent of the Standard states that the powers have no intention of blockading Crete.

The Times asserts this morning that Mr. Chamberlain, Secretary of State for the Colonies, will not preside over the special parliamentary commission to inquire into the administration of Rhodesia and the circumstances connected with the Jamason raid. Editorials in all of the morning papers approve the decision of the authorities to treat Dr. Jameson and his associates as first-class misdemeanants during their term of imprisonment.

H.M. Privy Council has reversed the costs in the decision of the Supreme court of Canada in the case of the Toronto Railway vs. the Queen, involving the sum of $56,044, paid under protest by the railway company as duty on steel rails.

Prof. Deutchmann, a Hamburg oculist, has cured several cases of blindness caused by the loss of retina, by substituting corresponding parts from the eyes of living rabbits.

Dr. Jameson and his fellow prisoners were taken back to Holloway jail from Wormwood prison this afternoon. At Holloway they will be treated as first class misdemeanants.

A hurricane prevailed at Hongkong yesterday, and considerable damage was done to shipping in the harbor. The British steamer Clan-Caladha was totally dismantled. The British steamer Macduff dragged her anchors and collided with the Norwegian steamer Brand. Both vessels were damaged. Several other steamers were slightly injured.

An attempt was made last night to blow up the residence of Judge Julien in Marseilles, and for a time great excitement prevailed in the neighborhood of the judge's house. Someone, presumably a man who had a grudge against the judge for a court decision against him, placed a bomb with a time fuse attached close to the entrance of the house. The explosion made a great noise, but the damage done was trifling.

The 11th round of the international chessmasters' tournament, played in Nuremburg to-day, resulted as follows: Porges and Pillsbury drew a Ruy Lopez after 51 moves. Walbrodt and Schiffers drew a Sicilian defence after 44 moves. Janovsky beat Lasker in a Ruy Lopez after 71 moves. Tarrasch and Schlehter drew a Queen's gambit and declined after 40 moves. Steinitz beat Marco in a Queen's gambit and declined after 35 moves. Tschigorin and Marocsy drew a French defence after 49 moves. Blackburne beat Winawer in a Sicilian defence after 30 moves. Showalter beat Teichman in a Vienna gambit after 25 moves. Albin had a bye.

## A FAITHFUL SENTINEL.

### Sir Charles Tupper Remains at the Capital—Tarte Still Plies His Axe.

### Members' Seats in the House—"Gentleman" Maxwell of Burrard —Gazettings.

(From Our Own Correspondent.)

OTTAWA, July 31.—Hon. T. Mayne Daly arrived here to-day and called at the Department of the Interior. Mr. Daly will present a report to the government upon his inspection of the Canadian immigration agencies in Europe. He will advocate a larger expenditure on immigration.

Sir Charles Tupper returned to-day from Toronto and will practically remain in Ottawa until parliament opens. His residence on Cartier street is now being fitted up for occupancy. Lady Tupper sailed to-day from London.

The plan which has been prepared of the seats in the House of Commons shows that Sir Richard Cartwright has Finance Minister Fielding under his wing, and that Hon. Mr. Laurier has Mr. Davies at his side and Mr. Tarte at his back. Dalton McCarthy occupies his old seat and has Mr. Charlton as his desk mate. Mr. Stubbs remains in the seat he occupied last session.

The Clerk of the Crown in Chancery to-day received the return to the writ for the election in Burrard, B.C., and the member for that constituency, G. R. Maxwell, Liberal, who designates himself "gentleman," will gazetted to-morrow. This will complete the official announcement of the members returned at the last general election to serve in the eighth parliament.

To-morrow's Gazette will also contain the return of Hon. Wilfrid Laurier, Premier and President of the Privy Council, and of Hon. Mr. Mulock, Postmaster-General. These are the first returns of the bye-elections which have been received. The other returns by acclamation on Thursday will be gazetted next week.

MONTREAL, July 31.—(Special)—Sir Charles Tupper had a consultation with Sir Adolphe Caron respecting the contests in this district, the result of which is not announced yet. It is stated, however, that almost everything has been paired off. The Conservatives allowed Fisher to be elected by acclamation, the Grits agreeing not to contest Compton, Sherbrooke and Stanstead. It is stated that Richmond and Wolfe will be contested by the Conservatives.

According to La Patrie the New Canadian Independence Club is about to commence an active propaganda throughout the Dominion. At a recent meeting it saye measures were taken to form what is to be called a provincial board with branches throughout the province to act in conjunction with a similar organization formed in Toronto.

Minister Tarte, speaking yesterday at the nomination and election of Hon. Sidney Fisher, at Knowlton, said when he took charge of his department he found great reforms needed. He called the chief officers around him and asked how many were under their control and how many were necessary. As the result of their reports, 130 men will have to step out on on August 1.

Sir Donald A. Smith left for Quebec yesterday on a special train. It is understood he will meet the premier in the Ancient Capital.

A petition was filed to-day contesting the election of Mr. Quinn, M.P. elect for St. Ann's division, of Montreal.

At the last moment protests were filed against McLaren, Conservative, who defeated Grieve in North Perth, on the usual charges of corruption by agents and personal disqualification in addition.

FREDERICTON, N.B., July 31.—(Special)—Protests were filed to-day against the Conservative members in Kent, Restigouche, Charlotte and Westmoreland.

QUEBEC, July 31.—(Special)—Hon. Mr. Laurier was questioned yesterday regarding the report that Mr. Martin would enter the cabinet if he arranged the Manitoba school question with Premier Greenway, but he was decidedly non-committal in his reply.

Ask for it, and be sure you get it. What? Dr. Garneau's CATARRINA. It affords immediate relief in cases of cold in the head, catarrh of the throat, nasal catarrh, headache, hay fever, etc. Sold by all druggists.

☞ Go to the Driving Park, Friday and Saturday next; great races. x

## COMES TO VICTORIA.

### The Lieutenant-Governor's Cup Won by Sergeant McDougall of the Fifth.

### In Yesterday's Other Events Westminster's Riflemen Capture the Coveted Honors.

VANCOUVER, July 31.—(Special.)—The second day's proceedings of the provincial rifle competition were quite as successful as the first, and came to a close this evening with a splendidly attended annual business meeting. This was held on the range, the vice-president, Dr. D. Bell-Irving in the chair. There was not much general business, the affairs of the association being in a highly satisfactory condition. Great regret was expressed at the retirement of Col. Wolfenden from the presidency, and the committee, consisting of Major Williams, Capt. Fletcher, Capt. Thompson and Lieut. Taylor, were appointed to prepare for the presentation to him of some suitable testimonial as the association's appreciation of his long service. The same gentlemen were appointed a committee to revise the constitution and by-laws. The election of the council for 1897 took place by ballot, but the ballots were not counted to-night. The following were to-day's range winners:

3—NANAIMO MATCH.

200 yards, standing; 500 yards, prone; 7 shots at each range. For twenty-one cash prizes and a cup, presented by the mayor and council of Nanaimo, to be won twice in succession before becoming the property of any competitor. Winner in 1895, Gr. J. H. Sharpe, New Westminster, with 60 points.

| | | |
|---|---|---|
| Cup and $8, | Gr. McRobbie, 5th Regt., Victoria | 62 |
| $7 | Gr. J. C. Chamberlin, 5th Regt., Westminster | 60 |
| 6 | Mr. A. R. Langley, Victoria | 60 |
| 5 | Capt. P. N. Thompson, R.L., Vancouver | 60 |
| 4. | Gr. W. Miller, 5th Regt., Westminster | 59 |
| 4 | Mr. H. Collins, Vancouver | 59 |
| 3 | Gr. G. Turnbull, 5th Regt., Westminster | 58 |
| 3 | Corp. A. S. Hunter, 5th Regt., Victoria | 58 |
| 3 | Mr. R. D. Featherston, Vancouver. | 57 |
| 3 | Sergt. E. E. McDougall, 5th Regt., Victoria | 57 |
| 2½ | Gr. J. L. Beckwith, 5th Regt., Victoria | 56 |
| 2½ | Mr. W. Hugh, Nanaimo | 56 |
| 2½ | Mr. W. McGregor, Nanaimo | 55 |
| 2½ | Mr. G. Hugh, Nanaimo | 55 |
| 2 | Mr. J. Kennedy | 55 |
| 2 | Sergt. W. Bailey, Fifth Regt., Victoria | 55 |
| 2 | War Officer Welsh, H.M.S. Imperieuse | 55 |
| 2 | Mr. J. McGregor, Nanaimo | 55 |
| 2 | Mr. W. H. Wall, Nanaimo | 55 |
| 2 | Mr. C. H. Barker, Nanaimo | 55 |

4—VICTORIA CORPORATION MATCH.

400 and 600 yards; seven shots at each range. For twenty-two cash prizes and a cup, presented by the Corporation of Victoria in 1893, to become the property of any competitor winning it twice. Winner in 1893, Lieut. J. C. Chamberlin, R.L.; in 1894, Gunner R. J. Butler, 5th Regt. C. A.; in 1895, Gunner W. J. Sloan, 5th Regt. C. A.

| | | |
|---|---|---|
| Cup and $8, | Gr. J. C. Chamberlin, 5th Regt., Westminster | 64 |

From 43 counted out.

☞ Don't forget the horse races; Friday and Saturday. x

# NEWS OF THE PROVINCE

## Ball in Honor of H.M. "Imperieuse" —The Salmon Run on the Fraser.

## Anti-Mongolian Association—A Nanaimo Fiasco—What Miners Are Doing Around Rossland.

(Special to the COLONIST.)

### VANCOUVER.

VANCOUVER, July 31.—A ball was held at the Hotel Vancouver this evening in honor of the first visit of the flagship Imperieuse.

The anti-Mongolian Association met last night. The Nanaimo and Victoria councils promise co-operation. Delegates will be sent to the Nanaimo anti-Japanese meeting next month.

The Capital lacrosse club have wired the celebration committee that they cannot play here during carnival week, as the senior series will not be finished.

The yacht races are to be held on the first day of the week's sport here to accommodate Sound yachts.

### WESTMINSTER.

NEW WESTMINSTER, July 31.—At Canoe Pass the average catch of sockeyes is reported to be from 150 to 300 per boat. Twelve thousand salmon were brought from Point Roberts yesterday. Sockeyes are still running light on the Fraser, although it is expected that for an off year the pack will be fair. The salmon caught on the outside are full of unripe ova, and it is expected that when this ova matures the salmon will make for the Fraser. The United States government have a steam launch stationed at Point Roberts, to seize any fishing boats that attempt to cross the line. The packs are small all round so far, but in the aggregate they amount to a good many thousand cases. The largest individual pack is believed to have been made by F. Boutilier & Co., of this city, about 5,000 cases. Ewen & Co. and the Victoria Canning Co. have also put up a good many cases. None of the Steveston packs are large.

### STEVESTON.

STEVESTON, July 31.—In the case of Municipality of Richmond against Hertzberg, agent for the Columbia Brewing Co. of Vancouver, for selling intoxicants without a license, which came up before Judge Atkinson last night, Mr. E. M. N Woods, counsel for defendant, raised the point of "no jurisdiction" and proceeded to show from the description of the municipal limits, as advertised in the Government Gazette of March 31, 1892, that the whole of Lulu Island is not within the Richmond municipality. He also stated that he had compared the Gazette with the original patent and found them to be exactly similar. The Magistrate adjourned the case for one week to examine the patent himself. The municipality has, it is said, been collecting licenses and taxes for three years.

### NANAIMO.

NANAIMO, July 31—The steamer Aztic, which is under charter to load N.V.C. Co.'s coal, has a capacity of fully 6,000 tons. Hitherto she has never been north of San Francisco.

A meeting of the Nanaimo District Agricultural and Horticultural Society was held last evening for the purpose of arranging for the forthcoming annual exhibition.

The trial of Mrs. Knight, of Oyster River, on the charge of enticing from home the son of Mr. Wm. McGimpsy, of Northfield, turned out a fiasco. The defendant, the boy, the counsel for the prosecution, Chief Stewart, and a few friends of the defendant were present, but the complainant only turned up five minutes after the case had been dismissed.

### ROSSLAND.

(From the Rosslander.)

The name of the Prospector has been changed to that of the Rosslander.

Inquiries made at the Le Roi mine failed to substantiate the statement that the mind was under bond for $2,500,000. It was emphatically denied by a prominent member of the company that the mine was under bond at all, and he also stated that the property is held at a far higher figure than $2,500,000.

C. A. Teasdale, who has been superintending the development work on the Apache group three or four miles back from Waterloo Landing, came down last Friday, having resigned his position, Robert Cunningham, late of the City of Spokane mine, being his successor.

Mr. Teasdale says the Apache group is looking well, twelve men being at work on the claims. The No. 2 post, which it was stated Guy Reeder, the locator of the Apache, had neglected to put up, has been discovered, which will probably settle the dispute as to the legality of Reeder's location.

Seven men are working on the Aaron group, all being in the pay of the Lillooet, Fraser River & Cariboo Gold Fields Company, which has twenty-one claims in the camp under bond. This company also holds thirteen mill sites in five-acre blocks on the level ground along the river bank. This level ground is reserved land given by the provincial government to the Columbia & Westminster Railway Company for the building of the railway from Trail to Penticton, the first section of which, from Trail to Rossland, is now in running order.

The shaft on the Curlew is down 45 feet, mineralized the whole distance, and showing a good streak of pay ore from six to ten inches wide. There are two ledges crossing the claim, and there are also several outcroppings of iron capping on which no work has yet been attempted. The ledges are both well defined and have been broken into in places, samples of the ore assaying from $6 to $25 in gold and 47 ounces to 230 ounces silver. This claim may almost be classed as a silver proposition, although the gold carried in the ore is greater than is usually found at the surface in this camp. The Curlew is on the South Belt, west of the Mayflower and southeast of the Homestake. It will become a leader in Trail Creek.

The city has been thronged with Italian laborers, who had come in from the camp on Corbin's Red Mountain railway. The men had struck work. They have been paid $1.50 a day, and the conclusion arrived at was that this was not enough. They demand $2 a day, and until this is granted have decided to lay down the pick and shovel and take things easy.

## QUEEN VICTORIA.

### Story Revived That Her Majesty May Shortly Resign in Favor of the Prince of Wales.

LONDON, July 31.—It is again reported that Her Majesty has decided to spend her time in future at Balmoral or Osborne, and intends to resign the sovereignty in favor of the Prince of Wales, to whom she will give the use of Buckingham Palace and Windsor Castle. It is further said that court circles are agitated over the condition of the Queen's health. Her Majesty is quoted as having repeatedly remarked during her last stay in this city at Buckingham Palace, upon the occasion of the recent marriage of Princess Maud of Wales to Prince Charles of Denmark, "this is my last visit to London." Color is given to the rumors in circulation by the deep emotion displayed by the Queen as she bowed in reply to the enthusiastic cheers of the multitudes which lined the route from Buckingham Palace to the railway station, where she took the train for Windsor after the marriage ceremony.

## BALLOT BOX ROBBERY.

### Slight Prospects of the Arrest of the Perpetrators of the Crime.

TACOMA, July 31.—The ballot box thieves have not been arrested, although upwards of ten days have elapsed since the crime was committed, and nothing which points to their arrest has been unearthed by the police authorities. Such wide publicity has been given to the measures that have been taken to bring the burglars to justice that the guilty ones have been fully advised of every move of the authorities, and so have been enabled to make good their escape. The police department is ostensibly at work on the case, and the council has offered a reward of $1,000, which ought to be an incentive to the pursuit of the thieves. But there are no results, and as day after day passes without the finding of a clue the prospects of the apprehension of the perpetrators of the crime grow smaller. The probabilities are that the burglars who disfranchised the voters in four precincts of the city will never be heard from. The indications all lead to the belief that the wall was dug on Saturday and Sunday nights, July 18 and 19. It was on Tuesday afternoon, July 21, that the crime was discovered, so that the thieves had every chance they could wish to put miles between themselves and the county jail.

## The Question Answered.

### The Reason Why Some Dealers Sell Poor Dyes.

Many ladies who have been deceived by the imitation dyes so often sold by some dealers and druggists, ask the question: "Why will these merchants persist in selling us dyes that are positively worthless?"

This question is easily answered. The dealers who sell these common dyes do so for a very selfish object—big profits. They buy these crude and poisonous dyes for much less than the celebrated Diamond Dyes cost, and they are sold to the ladies at the same price, ten cents per packet. The dealers in this way make long, big profits, while the deceived consumer must suffer loss at every time of using.

Dealers know well that the Diamond Dyes are the only true and warranted colors, but the love of gain is too great to allow them to treat the public honestly.

The ladies can soon compel dealers to do what is honest and right if they insist every time upon getting the Diamond Dyes. You can always find one dealer in your town that is anxious to sell dyes that will give entire satisfaction.

Mining Companies' office stationery a specialty at the COLONIST office. x

A jaunty summer girl can keep her gowns looking fresh and stylish through the wear and tear of the whole holiday season when she uses **Fibre Chamois**, as the interlining, through them all. It's splendid lasting stiffness and the elasticity, which it never loses, added to its weather proof qualities make it possible to keep your skirts in their original waving lines even thro' the severe test of a summer at the country, mountains or sea shore. The charming grace it gives to dresses and wraps is never lost—they will be just as stylish in their 'hang' and 'set' when worn out as when new. But only the **real Fibre Chamois** gives these lasting results, so find the Red Star label on each yard to save yourself from disappointing imitations.

For Making a Delicious Health Drink at Small Cost.

RECIPE.

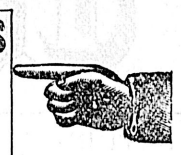

Adams' Ginger Beer Extract..One Bottle
Fleischmann's Yeast.....½ to one Cake
Sugar.....Two Pounds
Cream of Tartar.....One-half Ounce
Lukewarm Water.....Two Gallons.

Dissolve the sugar, cream of tartar and yeast in the water, add the extract, and bottle; put in a warm place for twenty-four hours until it ferments, then place on ice when it will open sparkling cool and delicious.

The ginger beer can be obtained in all drug and grocery stores in 10 cent bottles to make two gallons.

WE HAVE A LIMITED NUMBER OF COPIES OF

"Early Northern Pacific Voyages."

This most interesting work is a reprint from the Literary Magazine, published in London, in the year 1821. It contains valuable information of the early history of this coast, and also of the Hawaiian Islands. Several names are mentioned whose descendants are now prominent members of our community. The account of the visit of the Pirate Ship to Hawaii, and the execution of some of them by the famous (infamous) Hypolite Bouchard, the destroyer of all the towns on the Pacific Coast, are especially of interest. It gives also an authentic account of the secret doings of the Russians in the Hawaiian Islands before they were forcibly expelled by King Kameama.

# AT THE DRIVING PARK.

### Opening Day of the Summer Race Meet Results in Good Sport.

### A New Track Record Established for the Five-Eighths Distance by Reno.

The first day's events of the summer race meeting, which opened at the Driving park yesterday, furnished capital sport and proved deserving of a far larger attendance of spectators than they obtained. The efforts to give Victoria really good horse races ought to be encouraged, and to-day should see a greatly augmented crowd at the park, for the best events of the meet are set down for this afternoon. The presence of so many outside horses gives the meet more general interest than otherwise would be the case. The time made in yesterday's races was very satisfactory for not only did Reno lower the track record for five-eighths of a mile to 1:07, but in the mile Marcelle's track record of three year's ago was equalled by Wyanashott, who carried under the English rules now in vogue on the track four pounds more than did Marcelle under the American track rules when the record was established.

The first race called, five-eighth's mile, all ages, for a purse of $100, brought out as starters:

1. R. Stanley's ch. g. Reno, aged (owner).
2. B. C. Compton's b. g. Wag, 5 years, (Lanigan).
3. F. W. Hall's b. m. Bertie Powell, 5 years, (Galbraith).

Wag, the apparent favorite, is an ugly looking animal, somewhat long in the back, but said to be a flyer. He was slightly lame yesterday and seemed to run somewhat dead. Bertie Powell, a pretty little bay, was a taking looking mare, but Reno with his well put up body, serviceable legs and powerful chest looked remarkably fit. There was some trouble in scoring for a start, but finally they got off with Bertie Powell having the best of it as she was in full swing as the flag dropped. At the eighth she was still leading, but Stanley, who rode remarkably well, sent Reno out. With powerful strides he gradually drew to the front, and at the third had a short lead, while Wag was making a good third to Bertie Powell's second. On the home stretch Wag made desperate efforts to wrest second place from Bertie Powell, but the little mare gamely answered to Galbraith's skilful hand and held the bay down. Reno won by two lengths, Wag third, the same distance behind Bertie Powell. Time 1:04.

Then came the one mile, for a purse of $100, the entries being:

1. W. J. Taylor's n. s., ch. g. Rogation, 4 years, (Stanley).
2. B. J. Perry's n.s. s.g., Mutineer, aged, (McCough).
3. R. Dunsmuir's n.s.,ch g. Wyanashott, aged, (Galbraith).
4. W. J. Taylor's n.s., ch. f. Elsie, 3 years, (Millington).

Elsie was the favorite, but Wyanashott did the trick. The chestnut was beautifully ridden by Galbraith and at once took the lead, cutting right into the pole and holding the inside all the way round. Rogation was out of it almost from the start. The half was done in the remarkably quick time of :53, Wyanashett leading. Elsie gamely trying to even it up, and Mutineer a good third. Elsie for a time looked as if she was going to make a dead heat anyway and crept up close on the leader in a desperate effort to win. Wyanashott, however, was made of fine stuff and won by a lead of a length and a half, Elsie second, Mutineer third. Time 1:49.

The third race was a three-quarters and repeat for a $100 purse, and brought out three local horses:

1. R. Dunsmuir's bk. m. Black Beauty, aged (E. Frank).
2. Miss Dunsmuir's b.m. Vanda, aged (Gannon).
3. B. J. Perry's s.f. Messina, 2 years (E. Cohen).

In the first heat Messina proved very cranky, and gave Eddie Cohen, the small boy who rode her, all he could do to handle her. However, when a start was made, the filly ran straight enough. Vanda made an ambitious beginning, getting the lead on the start, Black Beauty and Messina close behind. At the first half Black Beauty forged to the front, Vanda dropping behind as the pace was too hot for her, but Messina giving Black Beauty a hard fight for first place. It was a very pretty race, the horses keeping well bunched till near the wire, when Black Beauty crossed winner of the heat, only half a length ahead of Messina, Vanda another length to the rear. Time 1:28¾.

The second heat was somewhat similar to the first, Vanda leading at the start but not holding the pace. It was Black Beauty's heat and race, however, for she won handily with Messina second. No time taken.

The race for the Plate, half mile, polo ponies, gentlemen riders, brought out as starters:

1. J. S. Byrns' bk.m. Black Bess, 6 years (owner).
2. G. A. Kirk's s.g. Socks, 4 years (Mr. W. Drake).
3. A. Britting's br.g. Carlo Blanco, 3 years (Mr. O. Hartnagle)
4. R. Dunsmuir's r.g. Don R, aged (Mr. Harvey).

Mr. Drake was somewhat handicapped, as he only volunteered at the last moment to ride Socks without any previous training. Don R, the little roan, sailed out ahead but Black Bess was up and past him in the first eighth, with Socks third. Carl Blanco sulked at the start, and after a hundred yards or so simply refused to run. Black Bess won as she pleased with Don R second and Socks third. Time, :58.

TO-DAY'S PROGRAMME.

1. Trotting and pacing, free-for-all, best three in five—purse, $200. Entries: F. W. Hall's b.g. Mink, a.; G. W. Bird's blk.g. Davis Boy, a.; J. Johnson's b.g. Snohomish Boy, a.; and M. D. Mesner's b. g. Stamoix, a.
2. 1¼ miles, over five hurdles—purse, $150. Handicap; $100 to first, $30 to second, and $20 to third. Entries: B. C. Compton's b.g. Wag, 5; R. Dunsmuir's blk. m. Black Beauty, a.; Miss Dunsmuir's b.m. Vanda, a; and L. Galbraith's s.g. Wyanashott, a.
3. ½ mile and repeat—purse, $100; weight for age. Entries; R. Stanley's ch. g. Reno, a; L. Galbraith's blk. b. Black Prince, a; F. W. Hall's b.m. Bertie Powell, 5; J. Millington's b.m. Mayflower, a.
4. 1¼ miles—purse $150; weight for age. Entries: L. Galbraith's ch. g. Wyanashott, a; R. Stanley's bh. g. Rogation, 4; George Byrne's ch. f. Elsie, 3; F. E. Wickersham's s.g. Mutineer, 5; and R. F. Tolmie's b.g. Genesee, 4.

"PHŒBUS APOLLO" WINS.

LONDON, July 31.—The Chesterfield cup handicap, valued at 300 sovereigns, with sweepstakes of 15 sovereigns additional was won from a field of eleven at Goodwood today by Mr. Theobald's "Phœbus Apollo."

Beware of Imitations. Take none but the genuine "PERRY DAVIS." Sold everywhere; 25c. big bottle.

## HELD UP BY HIGHWAYMEN.

### A Mail Stage Waylaid in New York State by Three Roadmen.

WATERTOWN, N.Y., July 31.—At 9:30 this morning an attempt was made by highwaymen to hold up the stage that carries the mail between Rossie and Gouverneur, in St. Lawrence county. When nearing a long swamp the driver, Everett Sayer, saw two men walking slowly in the road ahead of him. As he drew near he spied a third one among the bushes, who grabbed the lines and attempted to stop the team. The driver grabbed the whip and began to ply it over the man's head. The driver hit him a heavy blow between the eyes with the butt end of the whip, felling him to the ground with blood streaming from his nose. He was picked up by his comrades and taken away. The driver proceeded on to Gouverneux and reported the affair and the country is being searched for the men.

## THE LATE MISS FIELD.

### Her Remains Likely to Be Taken to New York for Interment in Mount Auburn Cemetery.

HONOLULU, July 23.—Per steamer Monowai to San Francisco, July 30.—No final disposition of the remains of the late Kate Field has been made. A Miss Lillian Whiting, of New York, has written a letter expressing a wish that the casket containing the body be forwarded to New York and buried by the side of her father and mother in Mount Auburn. The letter states that George Riddell, the elocutionist, is the only living relative Miss Field had. The supposed friends of Miss Field living in the United States, to whom in her dying moments she requested that letters be sent, have not been heard from. Neither Consul Mills nor any of Miss Field's friends in Hawaii has had letters from them that would warrant action being taken. Miss Field left no estate, and died in debt. It is said that somewhere in Washington are numbers of her trunks containing personal effects, but no one seems to have taken interest enough to ascertain the value or character of them.

## GERMANY AND SAMOA.

### National Feuds Increasing in Bitterness—Outbreak of Natives.

SAMOA, July 15.—(Per steamer Monowai to San Francisco, July 30)—The feud in Samoa between the German portion of the population and the American and British residents in the colony is daily increasing in bitterness. The Germans refused to attend the Queen's birthday celebration, and the warship Falke left the harbor, it is alleged, to avoid participating in the festivities on the Fourth of July. The Germans assumed a similar attitude, not one member of their nationality attending the celebration. The Germans have not relaxed their efforts to have the German made the official language here. An outbreak between natives occurred lately. The contestants were members of the rival parties. The affair was without political significance, although it was serious enough to the participants. Six natives were wounded, four seriously, during the melee, and seven houses were burned down.

## SOCIALIST CONGRESS.

### A Government System of Free Education Endorsed—Child Labor.

LONDON, July 31.—At the session to-day of the International Socialist, Labor and Trade Union congress in St. Martin's town hall, M. Vaillant, French Socialist deputy, was chairman, and Mr. Matthew Maguire, leading delegate of the Socialist labor party in the United States, vice-chairman. The congress adopted a report from the committee on education and physical development, favoring a government system of public education, extending from the kindergarten to the university, and including physical, scientific, artistic and technical subjects to be generally accessible to everyone; to be free from fees, and the public maintenance of scholars. The reports prohibits the employment of children under 18 years of age at night work or any work involving over 24 hours weekly. Mr. Kier Hardy argued that whatever the expense the maintenance of scholars and a university education would be followed by compensation in the diminution in the number of criminals.

We have received two hundred and thirty-five rolls of Japanese mattings; there is a great demand for these floor coverings. We will send samples to any part of the province. Weiler Bros. x

## Infant Mortality.

### Lactated Food Saves Babies' Lives.

The frightful rate of infant mortality in Canada shows plainly that there is something lacking in the knowledge of how to care for babies.

When a physician is called to attend an ailing infant, he invariably finds that the infant must be better fed.

Too many infants are crammed with heavy indigestible foods that ruin the digestive organs. Too many are fed from day to day with mother's milk, impure and often diseased.

Mothers should endeavor to find out at once if they are using the proper food for their babies. If the babies are not healthy and not growing as they should, they ought to be fed at once on Lactated Food, which is as healthful as the purest breast milk, and as cheap as the most ordinary food.

Lactated Food is a life-saving diet for all infants and children, and receives the heartiest approval of the best medical men.

LOANS EFFECTED, RENTS AND INCOME COLLECTED, DEEDS PREPARED, ETC.

# For Sale--1388-Acre Farm

ABOUT 1000 ACRES OF WHICH IS PLOUGHABLE PRAIRIE OF FIRST-CLASS QUALITY.

120 Head of Cattle, 1 pedigree Hereford Bull. 12 Horses, Ploughs, Harrows, Reaper, Wagon, Sleds, and usual farm implements. Double Harness, Chain Harness, Bull Chains, Saddles (ladies' and gents'), Bridles, etc. Blacksmiths' Bellows, Anvil and Tools and Carpenters' Tools. Nine-room House, shingle roofed. Stable for 10 horses, with hay loft above. Stone Root-house, Store Buildings, Dairy, Cow Sheds, etc., etc. About 7 miles Standing Fences, in good order, Corrals, etc. Small lot Household Furniture, Stove and Pipes, Cooking Utensils, Crockery, etc.

THIS PROPERTY is within easy distance of many of the most important Gold Silver and Coal Mines in West Kootenay. The soil is the best bottom land, and the locality is one of the few places in the Province where so large a piece of good farm land can be found in one block. A river runs through the property, and rainbow trout are plentiful and afford capital sport. Deer abound in considerable numbers. Bear, Wolf, Coyote and other large game are to be found in the hills. There are two creeks recorded and belonging to the estate; one flows all the year round. Limestone and brick clay are to be had in the valley.

THE TITLE is Crown Grant. Immediate possession can be given.

THE CATTLE are well bred. A much larger herd could be farmed with the place. The bunch grass on the hills in the vicinity covers many thousands of acres, and is available to the few land owners in the valleys.

THE CLIMATE is not severe. The station was for many years the winter quarters of the H. B. Co.'s pack trains.

THE SOUTH-WEST KOOTENAY AND OSOYOOS Divisions of Yale District, British Columbia, judging from the actual ore products of the mines to date, are destined in the next year or two to be the richest and most important mineral centres in the world.

# For Sale--20,000 Acres of Farming Land

IN CONTIGUOUS BLOCKS.

Beautifully watered, forming one of the finest estates in the Province; house and farm buildings; 2,000 head of cattle; 50 to 80 horses; easy approach; good roads; railways projected to property and the estate is in close proximity to some of the best developed and most promising gold mines in the District. The price of the whole is extremely moderate. Principals only treated with.

These localities are rapidly settling up, and as farm land is limited, great inducement is offered to any person or corporation having capital and knowledge necessary to work these Estates. A store, hotel and blacksmith shop could be run in connection with the farm.

Endorsed by the most eminent physicians for indigestion. Adams' Tutti Frutti Gum.

Save coupons inside of wrappers for latest books.

See that the Trade Mark name "Tutti Frutti" is on each 5c. package. 120

## *BRYAN'S PROSPECTS.*

There are some people who seem to think that the talk of the silver party gaining the day in the Presidential election is mere brag; that there is not the slightest danger of the currency cranks gaining the upper hand in the States. But the Populists and silver Democrats united are greatly more numerous than many people imagine. Bryan's chances of success are very far indeed from being merely fanciful. Calculations founded upon the strength of parties at previous elections show that unless there is a very considerable change of public opinion in the United States Bryan will poll a very large vote.

The calculations are made by States, because all the presidential electors of a State, no matter what their individual opinions may be, vote as the majority of the State has voted. It may be necessary to explain here that the citizens of the United States do not vote directly for the President. They vote for electors chosen to represent them in the electoral college. California, for instance, is entitled to nine votes in the college for President and Vice-President. If the majority of electors in California vote, say for McKinley, the nine representatives of California, no matter how large the minority, must vote for McKinley. And so with all the other States. It is because the vote for President is taken in this peculiar way that a President can be elected by a minority of the voters. When the voting is close it is not difficult to understand that the large minorities in a number of populous States may considerably outnumber the small majorities in a number of other States. In that case the majority in the electoral college does not correspond with the majority of the citizens who voted at the polls. It is to put an end to this paradoxical state of things, as far as the election for President and Vice-President goes, that the Populists favor the election of President by a *direct* vote of the people.

The New York Sun, which is by no means favorable to Bryan's election, says that the silver men are confident that Bryan can carry twenty-eight States, having in the electoral college 224 votes. The total number of votes is 447. This gives the silver party a majority of one vote. It is more than likely that the silver men are too sanguine, and that their wishes and hopes have to a certain extent vitiated their political arithmetic. But the Sun concedes that Bryan is sure of 166 votes out of the 447 to start with. The New York Times is of the opinion that he will have 176 sure votes. According to this he will need only to gain 48 more votes to have a majority.

There are many states which are now doubtful. It, then, the people of a few of these states catch the silver fever and cast a vote in favor of Bryan, let the majority be ever so small, the whole vote of these states will go for Bryan. It is said that the silver men are making converts in the Eastern states. Suppose they carry New York by a majority of a few hundred. This victory will give Bryan 36 of the 48 votes that he needs to make him President. Allow that Maine goes silver by so few as a thousand votes and that Mrayland polls a very small majority for Bryan. These elections would give Bryan 14 more votes in the electoral college—two more than would be enough to make him President of the United States, and silver would then be king.

The reader sees from this that greater wonders have happened in the political world than that the "boy orator" will be elected President in November next. The calculations of the New York Sun and the New York Times may be all astray, and the silver men may be building castles in the air, for there may be elements in the presidential contest of the existence of which they are all entirely ignorant. But there is always this to be considered, that there is a probability that the changes which may take place between to-day and the third of November may be in favor rather than against the Populist cause. In any case it is not wise to regard the predictions of the advocates of free silver as absurd. We have seen that, according to the admissions of their strongest opponents, they have a solid foundation on which to build their calculations and hopes.

There are those who may consider it impolitic in the Times, the Sun and other advocates of sound money and good government to admit that there is a chance of Bryan being elected. But there are many more who do not believe it to be good policy to be continually laughing at the calculations and predictions of opponents. They consider that it is far wiser to look the situation fairly in the face, and to give the other side full credit for the strength they are known to possess. Much more harm, they think, comes of underrating the strength of political opponents than of overestimating it. It is most important that advocates of sound money and of rational government in the United States should know exactly the number and the magnitude of the difficulties that lie between them and success in the momentous contest in which they are now engaged. If they are convinced that it will require all their strength and all the resources of their patriotism to win the election, they will be sure to exert themselves to the utmost and to make all the sacrifices needed. This they would not be likely to do if they were confident of an easy victory.

## *CHANGED LIBERALS.*

Our friends the Liberals speak of conciliating Manitoba as if the electors of Manitoba counted for nothing. They seem to think that all that Mr. Laurier has to do is to prevail upon a few members of the Provincial Government and a few leading clergymen and laymen to agree to terms of settlement and the trick is done. But the Liberals should remember that behind the Government of Manitoba and its leading men stand the electors of the Province who are not to be manipulated by Mr. Laurier and Mr. Greenway and Mr. Sifton and the rest, like so many puppets who have no wills of their own and can only move when Laurier, Greenway and Co. pull the strings. Mr. Greenway was told not long ago by the paper which is generally supposed to be his organ, that he *dare* not meddle with the school system as now established in Manitoba. Has that red-hot patriot cooled down since Mr. Laurier is in office and has in his gift seats in the Cabinet and other good things? Has the editor of the Tribune been listening to the honeyed words of diplomacy and is he being initiated into the sunny ways of patriotism? Not long ago the people were to him and other anti-coercionists everything, now they are, to all appearance, nothing—not worth considering or consulting. The change that has come over these Liberals in a few short weeks is very remarkable.

## *PRESIDENT CLEVELAND.*

There is some talk of trying to persuade President Cleveland to allow himself to become again a candidate for the Presidency. It is said that the conservative element in the country, irrespective of party, will give him their enthusiastic support. It appears to be too late to ask Mr. Cleveland to become the forlorn hope of the supporters of sound and stable government in the United States. But if he had any reason to believe that he would do his country good, could save it from disaster by making the sacrifice, there is no doubt that he would accede to the wishes of those who depend upon him and confide in him. He is truly patriotic, and he has unbounded courage. When he sees that it is his duty to pursue a certain course he pursues it, no matter what difficulties and what dangers lie in his path. His career has shown that nothing can deter him from doing what he believes to be right. There is now no indication that would lead the people of the United States to believe that he considers it his duty to become in the present crisis a candidate for the presidency. In fact very little has been heard of him of late. He has fallen into disrepute among shallow politicians and trading politicians. But thinking men in the Republic, those to whom the welfare of their country is the first of all considerations, hold Mr. Cleveland in very high esteem.

## *THE EFFECTIVE WAY.*

The Government of Great Britain knows how to deal with socialists and anarchists. It takes no notice of them. They may play their grotesque pranks before high heaven as long and as noisily as they please, but unless they violate the law of the land in some flagrant way they are left severely alone.

The Socialist convention now deliberating in London is as free from governmental interference as a convention of Quakers or Christian Endeavorers. The policeman gives them a wide berth, but the eye of the newspaper reporter is upon them. He records their sayings and doings as well as they can be recorded with pen and pencil, and the people of Great Britain have the privilege of seeing how these menders of the world conduct themselves when they are assembled to transact what is to them serious business. The spectacle which these free and unfettered Socialists afford the British people is not calculated to cause them to fall in love with Socialism or to wish that Socialists had the management of their public affairs. These men, who do not know how to treat each other with common decency, whose hall of deliberation is a pandemonium, who cannot transact the smallest business without violating every known rule of debate, are not the kind of men to whom society can trust all that it holds most precious. The free British press is doing more to discredit Socialism in Great Britain than could an army of policemen and a host of spies.

In England the Socialists are permitted to do exactly as they like as long as they keep within the laws to which all the people of the British Islands are subject, and they like to act in a way that disgusts order-loving people of all opinions. They see enough of the Socialists when they are freed from all restraints except the restraints of decency and good manners to dislike and distrust them. The Socialist convention has been to the people a most successful object lesson. By the aid of the newspaper press they see how Socialists when free from all trammels act, and they are very far indeed from being attracted by the spectacle. If the British Government had interfered with the deliberations of the Socialists; if it had surrounded them by soldiers, policemen and spies; if it had made the Socialists and their friends feel that they were suspects and outlaws, thousands would have sympathised with them, and would have looked upon them as heroes and martyrs. As it has left them severely alone, the people have come to the conclusion that they are a coarse and disorderly crew.

A Million Gold Dollars

Would not bring happiness to the person suffering with dyspepsia, but Hood's Sarsaparilla has cured many thousands of cases of this disease. It tones the stomach, regulates the bowels and puts all the machinery of the system in good working order. It creates a good appetite and gives health, strength and happiness.

Hood's Pills act harmoniously with Hood's Sarsaparilla. Cure all liver ills. 25 cents.

THE BREATH OF THE PINES.

Cough, Colds, Asthma, Bronchitis, Sore Throat and Lung Troubles are cured by Norway Pine Syrup. Price 25 and 50 cents. It breathes out the healing virtues of the pine forests.

## THE CITY.

ALD. MACMILLAN has given notice of a motion to instruct the sanitary office to abate a grievous nuisance on St. Charles street.

THE long vacation in the Supreme court begins to-day and lasts till September 1. The County court vacation opens on August 10.

DONATIONS of reading matter to the Old Men's Home are acknowledged with thanks from Messrs. Pierce and Jackman, Ald. Williams and Tiarks, Mrs. C. Bossi and Mrs. Andrew.

THE repairs to the city electric light plant, which have consisted chiefly in the construction of a new cement bed for the big engine, are now about completed, and it is expected that the light-system will be in operation again by Monday next.

THE tidal wave of mid-June which wrought such frightful havoc throughout Northern Japan, and which also inundated portions of the West Coast of this island, according to advices by the Warrimoo, was felt as far South as the New Hebrides, where it excited great consternation among the natives, though doing little damage.

THE legislature of New South Wales has adopted the following resolution on the motion of Mr. Pulsford: "That, in the opinion of this House, any patent issued in any portion of the British Empire ought to confer full protection on the inventor throughout the whole Empire; that the above resolution be communicated to His Excellency the Governor by address.

SEATTLE is to be invaded to-day by the Victoria members of the I.O.O.F. and their friends, who at 7 o'clock this morning leave on the steamer City of Kingston for their yearly excursion. As the Odd Fellows have always made a success of their annual outing it is expected that the turn out this year will be up to that of former occasions. Returning the steamer leaves Seattle at 7 p.m., arriving here soon after midnight.

JULY has been a notable month with the city police by reason of the number of cases of dangerous insanity, no fewer than six patients having been sent to the aslum from Victoria since the end of June. The record of offenders dealt with in the same period is as follows: Drunks, 18; violations of city by-laws, 21; assault, 1; violation of the mischievous animals act, 1; of the Minor's protection act, 1; of the Dominion voters' act, 1; resisting the police, 1; theft, 3; vagrancy, 1; in possession of an intoxicant, 1; and aggravated assault, 1.

THE great increase in the demand from the Orient for American goods has necessitated a raise in freight rates, and, in accordance with the action of southern lines, the Northern Pacific Steamship Company announces a new charge of $6 a ton on flour from Tacoma to Hongkong, Yokohama and the Orient. This is $6 in Mexican money, and amounts to $3.24 at the regular exchange with the United States. The prior rate was $2 Mexican, which has been in effect during the last nine months. The rate was $4 the preceding year, and $6 before then. The advance went into effect on the cargo carried by the steamer Tacoma, which sailed Wednesday for Japan.

THE contractors at Elk lake have now completed their work under the contract with the exception of levelling a small portion of the margin of the grounds, near the outlet of the main basin, and filling in some old excavations, which will only require a few days to finish. The receiving dam, the three filters and the receiving basin or reservoir, together, present a complete, and to the visitor, a well finished, appearance, the filters being the most important and interesting of the whole work. They are three in number and similar in size, and are ready to receive the supply of water to be admitted as soon as the water is turned in. At present they are completely dry. The walls are lined with cement and the bottom of each is covered with fine, white sand, underneath which is gravel, etc., through which the water must percolate before it reaches the reservoir and afterwards enter the great pipe which will supply Victoria with water.

WHEN the just arrived Warrimoo left Australia the inhabitants of the Southern colonies were shivering in their furs, the cold throughout New South Wales being the most intense recorded.

THE woolly Aphis has apparently found a new subject upon which to exercise his wicked will, papers from Honolulu crediting him with doing considerable damage to the sugar cane in Hawaiian plantations.

ON Thursday night the bicycle refreshment grounds at Ross Bay were gaily illuminated, the occasion being a social held by the members and friends of Majestic Council Royal Arcanum. A very enjoyable programme was rendered, after which Bro. J. W. Dowler delivered an address on the benefits and privileges of the order.

THE city yesterday gave notice of an appeal to the Full court from the order of the Chief Justice of July 30, restraining the city from proceeding with the erection of the Point Ellice bridge. The grounds of the appeal are that the proposed pile bridge is on the site of a former bridge erected prior to 1882 and does not interfere to a greater extent with navigation, and as such is exempt from the operation of the "act respecting certain works constructed in or over navigable waters."

THE funeral of the late Horatio Hilton, who died in New Westminster last Wednesday, has been arranged to take place to-morrow in Nanaimo, where the deceased spent several years of his active life. The late Mr. Hilton was well-known throughout the province as a man and a citizen and as a representative and consistent Odd Fellow. He leaves two daughters more immediately bereaved by his demise—Mrs. F. Meakin, of Nanaimo, and Mrs. E. B. Paul, of this city.

BELOW is printed in full the pleasing programme which the band of the Fifth Regiment, under the leadership of Mr. J. M. Finn, will discourse at Oak Bay this evening: March, "Occidental," Sousa; overture, "Berlin in Smiles and tears," Conradi; waltzes, "La Serenata," Jaxone; selection from "Little Christopher Columbus," Caryll-Kerker; overture to "William Tell," Rossini; fantasia on "English Songs," Basquit; characteristic piece, "Polish Dance," Scharwenka; selection from "Ernani," Verdi.

ADJUTANT MACDONALD, of the Victoria corps of the Salvation Army, has received orders to bid farewell to the many friends he has made here since his arrival two months ago, and will take his leave of the work in Victoria next Friday morning. The Adjutant has had charge of the Army work in British Columbia for about a year, and has rendered good service to the cause. He has, however, found the climate unsuited to his health, and is for that reason compelled to retire from the Western field.

APPENDED are the customs statistics for the port of Victoria for the month just closed:

## FIRST OF THE LINE.

Steamship "Miike-Maru" of the Nippon Yuen Kaisha Company Due August 13.

July's Shipping—Steamer "Queen" Arrives—The "Danube" Sails for Northern Ports.

When any of the great commercial organizations of Japan become competitors for international trade they aim to capture their share of every department of that trade that is offering. Hence it is that the Nippon Yusen Kaisha — Japan's greatest steamship company and one of the most important transportation companies in the world—will not be content with a percentage of the Oriental-American freights on the establishment of their new line to and from this country; they want a fair portion, too, of the Asiatic passenger traffic and of the first class tourist patronage. Since completing their traffic arrangements with the Great Northern, the N. Y. K. people have not been idle, and agencies have already been established in all the chief cities of the Coast. These agencies have in the majority of cases been placed in charge of the local officials of the G.N.R., and in Victoria it is Mr. J. H. Rogers who will act as ticket and passenger agent of the new line. The first vessel of the N. Y. K. flag to reach here will be the Miike-Maru, which is scheduled to reach this port on the 30th of the present month, and to sail on her first voyage outward on September 1. She, like the others to be put in temporary service, is a 4,600-ton packet steamer, capable of making the run across, under average conditions, in 14 days. By the 1st March the temporary fleet will be replaced by four thoroughly modern and really palatial ships now building on the Clyde, and which Mr. Macmillan, superintendent of the line, states will fully equal the Empresses in build, speed, capacity, and elegance of equipment and appointment. Like the Empresses these new steamers are intended for naval use in emergency, and will belong to the auxiliary fleet of Japan, which country already bonuses the line to the extent of five millions per annum. When their new steamers are ready for service the N.Y.K. will throw down the gauntlet to the C.P.R. in a fight for the European tourist trade, this being one feature of the Pacific business which they are particularly desirous of securing.

"WALLA WALLA'S PASSENGERS.

Ticketed at Victoria for the voyage to San Francisco on the steamship Walla Walla sailing last evening, were the following saloon passengers: Miss Miller, Mrs. S. Miller, Miss E. M. Peatty, Miss E. E. Green, Miss E. Barry, Mrs. J. H. Lamont, Miss Alice Lamont, Wm. Campbell and wife, Rev. P. C. Yorke, A. R. McCartney, Rev. C. A. Bateman, H. Peatty, C. Dodge, H. W. Launceford, Miss K. R. Paxton, Miss Ball, E. Simmons, Miss J. Harwell, Mrs. V. Harwell, Mrs. Wm. Caswell, Miss M. Owen, Mrs. E. Vashon, Miss Amelia Vashon and Miss J. Vashon.

JULY SHIPPING.

July found its chief shipping interest in the development of the trans-Pacific trade. The tea trade has begun, and apart from this necessitating additional tonnage, it promises this year to afford the initial business for the new Japanese line brought into existence during the past month. Another important factor in the shipping trade developed during July is the salmon business of the North. The entries and clearances of the month are as follows: Deep sea; Entries, 120; clearances, 121. Coastwise: Entries, 102; clearances, 104.

A FOREST FIRE.

Something novel in the scenery which has made the Alaskan excursions of world-wide fame and of growing popularity was viewed by the passengers arriving here on the steamship Queen yesterday morning. It was in the shape of an immense bush fire, spreading from the foothills to the mountain-tops on the northern coast of Vancouver island. Forest fires are probably not an uncommon sight to nearly all the passengers, but to survey one so large and so near, towering skyward with the gradual and abrupt slopes of the hills was to give those standing on deck a memorable impression. There were 163 excursionists aboard the Queen, including a Raymond-Whitcomb party of 34. The steamer brings no later Alaskan news than received the previous day by the City of Topeka.

MARINE NOTES.

Captain Black and party of twelve prospectors who are bound for the Omineca country, Mr. H. A. Munn and Mr. Innes were in possession of most of the berths occupied on the steamship Danube when that vessel sailed for Northern British Columbia ports last evening. The ship goes as far North as the Naas, and will have as return cargo a big load of this season's salmon pack. She will call at Vancouver en route North.

The Warrimoo, which arrived from the South Seas last evening, has since her last appearance in port received a thorough overhauling, docking for cleaning and painting, being put in splendid order for passenger requirements.

## KOKSILAH V. THE QUEEN.

**Action Against the Province for Not Using Plaintiffs' Stone in the New Parliament Buildings.**

The action of the Koksilah Quarry Co. v. the Queen opened yesterday before Mr. Justice Walkem. The plaintiffs claim $12,500 damages for alleged breach of contract by the Chief Commissioner of Lands and Works in not using the stone from plaintiffs' quarry in the erection of the parliament buildings. Plaintiffs' petition of right alleges that in 1893 the government approved of the stone from plaintiffs' quarries and on invitation plaintiffs sent in tenders for the supply of such stone to the Lands and Works department, and that they were informed by the Deputy Commissioner of Lands and Works that the Koksilah stone had been selected. After some of the stone had been delivered plaintiffs allege that the contractor for the buildings refused to accept any more stone from them.

On the part of the provincial government the defence set up is that the contract was the late F. Adams, contractor for the building; and that the stone delivered by plaintiffs to the contractors was of poor quality and unfit for use in building, Mr. F. M. Rattenbury, the architect for the building, having condemned it.

Mr. E. V. Bodwell appeared for plaintiffs; Mr. A. G. Smith, deputy attorney-general, and Mr. Herbert E. A. Robertson, for the province.

After the case had been opened, Mr. H. Dallas Helmcken, Q.C., asked that the Adams estate be made a party to the action, but the court decided negatively, as Mr. Helmcken's clients' interests would not be affected in the present action.

A great part of the day was taken up in the examination of Mr. Theo. Lubbe, president of the quarry company. He claimed that the stone supplied was of good quality.

The quarry foreman and several minor witnesses took up the rest of the afternoon and the case was then adjourned till this morning.

## ACUTE DYSPEPSIA.

### A TROUBLE THAT MAKES THE LIVES OF THOUSANDS MISERABLE.

**The Only Rational Treatment is to Remove the Cause of the Trouble—One Who Suffered Grently Shows How This Can be Done at a Comparatively Trifling Expense.**

The life of a dyspeptic is beyond doubt one of the most unhappy lots that can befall humanity. There is always a feeling of over-fullness and distress after eating, no matter how carefully the food may be prepared, and even when the patient uses food sparingly there is frequently no cessation of the distressing pains. How thankful one who has undergone this misery and has been restored to health feels can perhaps be better imagined than described. One such sufferer, Mrs. Thos. E. Worrell, of Dunbarton, N. B., relates her experience in the hope that it may prove beneficial to some other similar sufferer. Mrs. Worrell says that for more than two years her life was one of constant misery. She took only the plainest foods, and yet her condition kept getting worse, and was at last seriously aggravated by palpitation of the heart brought on by the stomach troubles. She lost all relish for food and grewso weak that it was with difficulty she could go about the house, and to do her share of the necessary housework made life a burden. At times it was simply impossible for her to take food as every mouthful produced a feeling of nausea, and sometimes brought on violent fits of vomiting which left her weaker than before. She had taken a great deal of medicine but did not find any improvement. At last she read in a newspaper of a cure in a similar case through the use of Dr. Williams' Pink Pills and decided to give them a trial. After using three or four boxes there was a great improvement in her condition and after the use of eight boxes Mrs. Worrell says: "I can assure you I am now a well woman, as strong as ever I was in my life, and I owe my present condition entirely to the use of Dr. Williams' Pink Pills, which have proved to me a wonderful medicine. Mrs. Worrell further says that Pink Pills were also of the greatest benefit to her husband, who suffered greatly with rheumatism in his hands and arms. At times these would swell up and the pains were so great that he could not sleep and would sit the whole night beside a fire in order to get a little relief from the pain he was enduring. Seeing how much benefit his wife had derived from the use of Pink Pills he began their use, and soon drove the rheumatism from his system and he has since been free from the terrible pains which had formerly made his life miserable. Both Mr. and Mrs. Worrell say they will always strongly recommend Dr. Williams' Pink Pills to ailing friends.

These pills are a blood builder and nerve restorer, and there is no trouble whose origin is due to either of these causes that they will not cure if given a fair trial. The genuine Pink Pills are sold only in boxes, the wrapper around which bears the full trade mark, "Dr. Williams' Pink Pills for Pale People." There are imitations of this great medicine, also colored pink, which are offered by the dozen, hundred or ounce, or in boxes, without the directions and trade mark. Always refuse these imitations, no matter what the interested dealer who tries to sell them may say.

## SOO CANAL TRAFFIC.

**One of the Dullest Immigration Seasons in Years—Trent Canal Surveys in Course of Prosecution.**

OTTAWA, July 30.—(Special)—Since the opening of navigation 2,611 vessels have passed through the Canada Soo canal.

The officials of the interior department estimate that the immigration to Canada to date this season is fully five per cent. below the arrivals of last spring. This means that unless a great improvement takes place by autumn this will be one of the dullest immigration seasons in many years.

Surveys of the Trent valley canal are being made from Trenton to Frankford, and from Lake Simcoe to Georgian bay. The work is being pushed on the sections already under contract, between four and five millions will be the cost of completing the system from Lake Ontario to Georgian bay.

## DIED AT HIS POST.

**The Engineer of the Wrecked Pennsylvania Train Found With His Hand Grasping the Throttle.**

ATLANTIC CITY, July 31.—Engineer Edward Farr, who died with his hand on the throttle, was taken out of the train wreck early this morning. With the utmost difficulty his fingers wers unclasped from the lever. He had been pinned down by the chest and apparently met instant death. Almost every bone in the body of one of the male victims was broken when taken from the ruins, and many are so frightfully mangled they are beyond recognition.

Ranged along on either side of the stagnant pool which marks the scene of the accident are stacked little heaps of hats, caps, gloves and other articles of clothing found on the ground. The pitiful mementoes of the disaster were guarded by a small force of railroad men and the city police. From early dawn excursion parties travelled to the scene of the wreck and conveyances were almost at a premium. The larger number of these excursionists were women who were disappointed at not being able to witness the removal of some mangled corpses.

The arrest of Wm. Thurston, the telegraph operator at the signal tower, confirms the story that the mistake in the display of signals was the first cause of the disaster. This is purely conjectural, however, as the arrest may be a mere formality.

PHILADELPHIA, July 31.—The Reading express, which cut the Brighton excursion train in two, was one of the fastest regular trains on the system and classified among the flyers. Its coaches were comfortably filled and was running at the usual rate of speed at the time of the accident. The engine struck the second passenger coach of the excursion train with terrific force. The coach struck was converted into a tangled mass of splinters and the occupants into a mass of blood and flesh. Scarcely one passenger in it escaped death or fatal injuries.

## ELWORTHY V. THE CORPORATION

**His Lordship the Chief Justice Discharges the Order of Injunction in so Far as It Applies to Payment for Labor or Material on the Pile Bridge.**

In his chambers yesterday afternoon, Hon. Theodore Davie, C.J., delivered the following judgment in the case of Elworthy v. the Corporation of Victoria City. Mr. Jay (Yates & Jay) attended as counsel for the petitioner, while Mr. C. Dubois Mason represented the city, there being also present several interested ratepayers:

"This is an action brought by the plaintiff as a ratepayer of the corporation to restrain the mayor and aldermen from paying any moneys of the corporation to any person or persons for and in respect of work done on, or material supplied for or in connection with the erection of a pile bridge at Point Ellice, in the city of Victoria, and the present motion is an application on behalf of the plaintiff (upon notice) to continue until the hearing an injunction granted by me on the 28th instant restraining the defendants until a time which is now past from paying any moneys of the corporation to any persons in respect of work or materials on the Point Ellice bridge, or from paying to any person the sum of $5,200 appropriated by the resolution of the municipal council on the 24th June, 1896, or any part thereof.

"As the matter is one of much urgency, I shall at once state the conclusions which the limited time at my disposal has enabled me to arrive at.

"The facts giving rise to the proceedings, as detailed in the affidavits, show that a bridge over a portion of Victoria harbor, between Work street and the Indian reserve, Victoria West, and over which a large traffic passed daily, collapsed on the 26th May last by the breaking away of one of the spans, and that since the collapse of the bridge, until recently when the E. & N. railway bridge was by arrangement with the company brought into requisition, it has been impossible to take vehicles between the city and the town of Esquimalt except by a circuitous route of several miles.

"It appears that nothing was done by the corporation to restore communication until the 24th June, when the council passed an appropriation of $5,200 for the purpose of replacing the defunct bridge with a temporary structure upon piles to be driven in rows at every sixteen feet. This work being immediately commenced, was objected to on behalf of the Dominion government as being an obstruction to navigation, and unlawful under Rev. Stat. Can., cap. 92, which enacts that no bridge, etc., shall be constructed so as to interfere with navigation unless (as was not the case) the site thereof has been approved by the Governor-in-Council and the plans approved by the government.

"The corporation, notwithstanding the notice from the resident engineer, went on with the work, acting upon the contention that the new pile bridge did not impose a greater obstacle to navigation than a former bridge did, which had been wholly removed and had ceased to exist upwards of ten years ago.

"On the 24th July, inst., upon the complainst of the Attorney-General for Canada, an injunction was granted by this court restraining the defendants from further proceeding with the objectionable structure, on the ground that its erection is unlawful.

"The present action is now brought to prevent the corporation paying out any portion of the $5,200 voted by them for the construction of the pile bridge, or any other moneys of the corporation in connection therewith.

"Whilst it is clearly settled law that a corporation will be restrained by injunction from applying its moneys to unlawful purposes or to purposes not authorized by law (Atty. General v. Aspinall, 2 Myl. and Cr. 613; Atty. Gen. v. Mayor of Norwich, 2 Myl. and Cr. 406), yet other considerations arise here. The officers of the corporation, wrongfully as it may be assumed, have given contracts for the work, which have been partially, and in some cases wholly, executed. These contracts were undertaken and executed by those engaged therein in good faith, and as valid contracts for the building or repairing of a bridge with a body corporate which has under the Municipal Clauses Act, sec. 50, sub.-sec. 122, abundant power to provide for making, preserving, repairing &c., roads, bridges and highways. The persons contracting with the corporation were not supposed to know, neither were they concerned to inquire whether, in their plans for restoring communication, the corporation intended to impede navigation, or whether they had or had not obtained the permission of the Dominion government so to do. Consequently it seems clear that the injunction, so far as it restrains the corporation from paying for work and contracts already done and executed, must be discharged. The corporation cannot be restrained from paying its debts.

"The injunction, however, will be continued to restrain the defendants from entering into or further proceeding with any contracts or works in pursuance of their projected pile bridge.

"It may be well for the plaintiff to consider what form of remedy he shall seek in this action. His grievance would appear to be not so much against the corporation as against the members thereof. The Mayor and aldermen are trustees of the civic property and funds, and would seem to be liable for wasting and squandering the property entrusted to them the same as private trustees would be for wasting trust funds. Since the passage of the "English corporation reform act, 1835" the individual responsibility of aldermanic bodies has been clearly defined both by that act and subsequent legal decisions.

"Before that act, as pointed out by Vice-Chancellor Esten in Patterson vs. Bowes, 4 Grant's Chancery Rep., 180, a corporate body could dispose of its property as it pleased. It could have wasted, alienated or destroyed it. The "Corporation reform act," however, defined the purposes to which corporate property was in future to be applied in such a manner as to impress it with a trust which gave the Court of Chancery jurisdiction to prevent its misapplication; and a number of cases almost immediately arose in which corporate property which had been applied in a manner inconsistent with the provisions of the act, was reclaimed on the ground of trust, and the jurisdiction of the court to compel the restitution of such property was established. * * "The directors and other officers of the corporation, though constituent members and composing the governing body of the corporation, are regarded as its agents, and if they are acting wrongfully may be severed from the corporate body and proceeded against by the corporation itself for the purpose either of prevention, or correction." —And the same right attaches to any ratepayer suing on behalf of himself and the other ratepayers when it is impracticable to use the name of the corporation)—See also Newcastle v. A. G. L. R. (1892) App. Cas. 568; A. G. v. Newcastle 23, Q. B. D. 492.

"It will be necessary also to consider the frame of this suit: Whilst Patterson v. Bowes decides that the Attorney-General is not a necessary party it would seem that the plaintiff should sue on behalf of himself and all other ratepayers, and the corporation as well as the members of the corporation in their individual capacity would seem to be necessary parties—(see Morrow v. Connor, 11 Ont., Prac. 423.) As the defendant aldermen are of course themselves ratepayers it follows they cannot be co-plaintiffs against themselves. The action therefore should be by the plaintiff on behalf of himself and all other ratepayers except the defendant aldermen.

"The order therefore will be to discharge the order for injunction so far as it restrains the payment for materials or work already delivered or done, with leave to plaintiff to amend in the manner suggested.

"The costs will be costs in the cause."

## BELLA COOLA COLONY.

TO THE EDITOR:—In reply to your inquiries concerning the Bella Coola Colony, and the reports that the colonists are dissatisfied and that they are leaving the province, I may state that such reports are not true.

There are over fifty locations in the colony and nearly two hundred men, women and children. The government agreed with the colonists to give them 160 acres each on lease, rent free for five years, and at the end of that time to give them free crown grants for their lands, provided they had made improvements to the extent of five dollars an acre. The government agreed to make a wagon road through the colony and to give the settlers a school house and school teacher. These things have been done at a cost of about eighteen thousand dollars, and the colonists have been employed at wages in making the road.

The road goes up the valley for about 20 miles and crosses the river in several places by bridges. There is one large bridge with a 200-foot span which is not quite completed, but it will be in a short time. A good schoolhouse is erected and a school teacher provided.

A wharf is about to be erected at the mouth of the river so that large steamers can come alongside, which will be a great boon to the colonists. A townsite has been surveyed near the wharf and lots will be sold by public auction. The land in the valley is rich, but timbered, in some places heavily, and in others with alder. The climate is good and the settlers express themselves as well satisfied as to the suitability of the land for farming and fruit growing.

Some of the settlers have farms in Minnesota, and they have applied for leave of absence (one of them for two years) to live upon their holdings at Bella Coola, which has of course been refused—hence the grumbling and exodus of a few.

There are many more locations ready for settlement, and when a sufficient number of settlers arrive the wagon road will be extended up the valley. Steamers call at Bella Coola and will be available for taking crops, etc., to the markets of Vancouver, New Westminster, Nanaimo and Victoria.

The settlers have the advantage of abundance of salmon in the Bella Coola river.

I have the honor to be, sir,
Your obedient servant,
JAMES BAKER,
Minister of Immigration.
Provincial Secretary's Office, July 31.

HAD INDIGESTION!

For a Matter of Some Forty Years or More.

Joseph Gardner, stove dealer, of Bath, Ontario, is a great believer in Dr. Chase's Kidney-Liver Pills for indigestion, constipation, dyspepsia, Bright's disease, rheumatism, and kidney, liver and stomach troubles generally.

"I was troubled for over forty years with indigestion and constipation," he writes. "At intervals I suffered from severe headache. I spent dollars and dollars without result until Mr. Ball, our druggist, advised me to try Chase's Kidney-Liver Pills. I did so, and must say that they are the only remedy that gave me relief. I would not be without them for anything."

Many people suffer from rheumatism. Bad blood and diseased kidneys bring it on. Dr. Chase's Kidney-Liver Pills will remedy all this and cure rheumatism, sciatica and all kindred complaints. Here is a sample case:

"My boy was all crippled up and suffered awfully with rheumatism," writes Mrs. H. Wills, of Chesley, Ont. "He also had a touch of diabetes. The doctors could do him no good, but Dr. Chase's Kidney-Liver Pilis completely cured him."

Sold by all dealers and Edmanson, Bates & Co., Toronto. 25 c.

When all other remedies fail Dr. Chase's Linseed and Turpontine will cure the worst chronic cold. 25c. jy10-dy&wy

Weak Men

A GREAT MANY MEN GO TO WORK IN THE morning feeling more like going to bed. Others start in all right, but feel like quitting about 4 o'clock in the afternoon. "That's the way I felt. I was so nervous and broken down, and I would get so tired in the afternoon that I could hardly finish my day's work; then at night I could not sleep. My nervous system was in a state of collapse all the time. I finally, after trying many other remedies, got one of Dr. Sanden's Electric Belts, and after wearing it for one month I regained my strength so far that I could do a hard day's work and not feel tired, and ever since then I sleep sound. I have been made a strong and healthy man by Dr. Sanden's Belt," writes Ed M. Pierce, in the employ of the Guadalupe Dairy, Fifteenth avenue and San Bruno road, San Francisco.

Dr. SANDEN'S

Electric Belt is unlike any other in that it is made with a view to applying electricity intelligently. Most electric belts are sold as a piece of merchandise, without consideration of the use that is to be made of it. Dr. Sanden's Belt is applied by a physician of thirty years' experience, whose knowledge of electricity and its action is an absolute guarantee of the good effect from Dr. Sanden's Belt. In every case he makes a thorough scientific examination of the patient's complaint before he prescribes a belt, and the patient then has the benefit, free of any charge, of his advice and assistance until cured. If you can't call, send for the book, "Three Classes of Men," Free.

BOARD OF TRADE BUILDING, VICTORIA, B.C.

## In the Supreme Court of British Columbia.

In the Matter of "The Winding Up Act" and Amending Acts and in the Matter of The Sayward Mill and Timber Company, Limited.

*To Whom It May Concern:*

Notice is hereby given, pursuant to order of the Honourable the Chief Justice, that application will be made to this Court, or a Judge thereof, at the Supreme Court House, Victoria, on Monday, the 10th day of August, 1896, at 11 o'clock in the forenoon, for an order confirming the appointment of Henry C. Macaulay, of Victoria, B.C., accountant, the provisional liquidator of the above Company.

Victoria, July 27th, 1896.
HERBERT E. A. ROBERTSON,
jy28-9t Solicitor for the Petitioner.

## Public Notice.

Owing to the necessity which has arisen for making certain repairs at the City Electric Light Station, the street lighting service will be discontinued from and after Monday next, 20th inst., until said repairs have been completed.

By order.
WELLINGTON J. DOWLER.
C.M.C.
City Clerk's Office, July 18, 1896. jy19

## Land Registry Act

*Lot 305, Victoria City.*

Notice is hereby given that a certificate of Indefeasible Title to lot 305, Victoria City, will be issued to Alexander Roland Milne on the 1st day of September, 1896, unless in the meantime a valid objection thereto be made to me, in writing, by some person claiming an estate or interest therein or in part thereof.

S. Y. WOOTTON,
Deputy Registrar General.
Land Registry Office, Victoria, B.C.
27th May, 1896. my28-3m

## FIRE LOSSES FOR JULY.

**A Total of $3,250 in Property Consumed—The Average Loss Still Satisfactorily Light.**

With a loss of $3,250 resulting from the ten fires of the past month, the record for the first seven months of 1896 shows the total for the entire period to have been but $8,350, or an average of less than $1,200 per month—surely a most satisfactory showing. One at least of the fires of July taught a useful lesson, demonstrating as it did the utter helplessness of Victoria West, so far as fire protection from the city proper is concerned, and resulting in the formation of a volunteer brigade that promises to be of good service. For the next thirty days many alarms and light losses may be looked for, the season of grass fires being at hand. In fact it had already set in before July closed, as the appended memo. of fires will attest:

Tuesday, July 7, 1 a.m.—Fire at stable adjoining residence of J. Chanroller, Kingston street. Cause, refuse overheating. Loss $25.

Thursday, July 9, 2 p.m.—Fire at Oaklands. Cause, unknown. Loss $10.

Thursday, July 9, 6:30 p.m.—Fire at Powell's blacksmith shop, Broad street. Cause, leaving smouldering fire after setting tyres. Loss $50. Insurance $700.

Saturday, July 11, 4 a.m.—Fire at one-story frame residence and stable, Esquimalt street, Victoria West; owner, Mrs. Barlow. Cause, unknown. Loss $1,750. Insurance on buildings $1,200; no insurance on contents owned by Rev. J. P. Hicks.

Tuesday, July 21, 10:45 p.m.—Fire on Third street; buildings owned by T. Shaw. Cause, unknown. Loss on buildings $575; on contents owned by J. Shaw $440. Insurance on buildings $3,000; on contents $1,000.

Thursday, July 23.—Grass fire, Beacon Hill. No loss.

Tuesday, July 28.—Three grass fires, Beacon Hill. No loss.

Wednesday, July 29, 2:10 a.m.—Box 64. Fire at Manchester Carpet Cleaning Works, Pembroke street. Cause, unknown. Owner, Dixi H. Ross; occupants, Edmonds & Roberts. Loss $400. No insurance.

# Be Well and You Will Be Happy.

Paine's Celery Compound—Nature's Avenue to Health.

If you are sick, and out of sorts, it is within your power to make yourself healthy and strong.

There is not the slightest reason why you should go through the hot summer weather feeling miserable, languid and melancholic.

To be well means happiness and true joy, and this is the season that you should be bright, hearty and gladsome.

Let us, with sincerity and honesty, direct your attention to Paine's Celery Compound, nature's avenue to health and perfect physical strength and robustness.

This marvellous, health-giving medicine, begins its vitalizing work at the great nerve centres, and soon braces up the weak and frail body, giving every organ that is out of tune that full vigor and strength so necessary for the complete working of the whole human frame.

Paine's Celery Compound is suited for all ages and conditions; it is purely vegetable, pleasant to use, and prompt and efficacious in the most dangerous and subtle cases. Thousands now living owe their lives to this wonderful medicine, that always makes sick people well.

If you are a doubter, and have not any friends that can vouch for all that is said about Paine's Celery Compound, send for our book of convincing cures; mailed free to any address. Wells & Richardson Co., Montreal.

We have a few more Go-Carts in stock; customers looking for these goods should see them at once, at Weiler Bros. x

# REDUCING THE RECORD.

**The "Warrimoo" Chips Two Hours From the Banner Time to America.**

**Captain of the "Scottish Dales" Arrives—Sheep Pest in the South.**

Twice in succession has the steamship record between Sydney, N.S.W., and Victoria been lowered by the R.M.S. Warrimoo, which arrived here at 7 o'clock last night, beating all her previous speed performances by two good hours. It was by about the same time that the former record was reduced, both fast voyages having been made since Capt. W. M. C. Hepworth, R.N.R., took command. The trip completed last evening was a particularly lucky one throughout, for not only were weather conditions all that could be desired and the speed unprecedentedly good, but the liner reached port just in time to make close connection with the Walla Walla, bound for San Francisco. This was fortunate inasmuch as nearly two-thirds the Warrimoo's passengers were destined for the California port. Purser Young's memorandum of the voyage is as follows:

"The Warrimoo sailed from Sydney, N. S.W., on the 10th of July at 5:30 p.m. A pleasant passage was made to Fiji, Suva being reached on the 16th of July at 7 a.m. The voyage northwards was resumed on the same day at noon, and the equator crossed on the 19th of July at noon, and Honolulu arrived at on the 24th of July at 6 a.m. The steamer left for Victoria the same day at 4 p.m. Fine weather has been met with since the departure from Australia; westerly winds prevailing to Suva, thence to Honolulu the usual trade winds prevailed. From Honolulu fine weather and smooth sea held till the 28th July—thence southerly winds and dull weather, with moderate sea, to passing Cape Flattery on the 31st July, at 2:30 p.m. The vessel's speed was reduced considerably twenty-four hours before arrival in Suva, and seventy-two hours prior to reaching Honolulu, in order to arrive at daylight, thus giving the passengers an opportunity of enjoying a run ashore. Twenty miles to westward of Cape Flattery a delay of one hour was experienced through fog."

The ship's complete list of passengers was: F. A. Goodmanson, J. W. Tyler, Mrs. Blannin, Mrs. Smith, Master Crisp, Miss E. Jervis-Waldy, C. E. Greenor, Capt. Argallas. Mr. and Mrs. A. B. Triggs, T. H. Mann, H. Partridge, Major and Mrs. Deane, L. Byron Peters, H. E. Grepe, J. Pender, Dr. J. S. Hunt, Rev. H. Crombie, W. Collins, F. C. Pilkington, Mrs. F. Waterhouse, Mrs T. Carter, Miss G. C. Robertson, C. H. Fairer, Miss M. Green, Miss J. Bates, E. Burleigh, G. R. Ewart, Maj.-Gen. Hogge, Sister Albertina, Miss G. A. Hollenbeck, E. Holdsworth, Miss Gearon, S. McLean, D. Hegarty, Miss Hegarty, Mrs. and Miss Horton, J. Mahoney, A. Naismith, Mr. and Mrs. W. Hedle-Brown, Dr. Hathaway, T. Foley, J. McGibbon, Mr. and Mrs. McCracken and family, Mr. and Mrs. Le Mesurier and family, J. Chapple, Captain McCarthie, Mr. and Mrs. Janeiro and family, G. Jamieson, Mr. and Mrs. Scholes and child, Mr. and Mrs. Harmon and family, A. Cameron and C. L. Brits.

Miss E. Jervis Waldy, Mrs. Blannin and Master Crisp and a few others were the only passengers to disembark here.

Captain McCarthie, whose name appears in the list above, was the commander of the lost ship Scottish Dales, which was lumber laden from Tacoma for Point Pierre, and which was lost off the Fiji Islands about six weeks or more ago. The Scottish Dales as will be remembered, left Tacoma at the same time as the Andriana, and as both were bound for the same port, a wager of $500 was put on the result of the race thither. All went merry with the Scottish Dales until breakers ahead gave sudden warning one dark night of impending danger and subsequent ruin. The vessel struck the rocks, was deserted, and was sold with cargo and all to a Fijian for $1,500, the money however never being realized, as the vessel, after standing some time, broke up piecemeal. An investigation was held and Captain McCarthie was exonerated. He is now on his way to Liverpool, the home port of the ship as also that of himself, where he will report to the owners of the vessel.

Dr. James S. Hunt, of Hughenden, another passenger, has been commissioned by the Queensland government to visit America and gather all the information available relating to the tick and the means adopted for checking the plague. He will be absent from Australia for about four months and is accompanied by Mr. William Collins (of Messrs. Collins, White & Co.), a leading pastoralist. Dr. Hunt will further study the tick plague from the scientific, the theoretical, and the practical standpoint, while Mr. Collins will bestow his attention upon it from an economic point of view. Dr. Hunt is the surgeon of the District hospital at Hughenden, where he is also government and municipal officer. The chief of the discoveries made by Dr. Hunt in relation to the tick plague were set out recently in the third of the series of articles on "The Tick Plague" by the Herald special commissioner, who visited Northern Queensland. Before leaving the Southern colonies he had brought all the essential facts of his discoveries up to date. He is now proceeding direct to Washington, and will then work back through the Southern states, collecting en route all the information relating to the tick possible for him to procure. The tick is playing sad havoc with cattle as well as sheep in the Australian colonies at present, and every hint that may suggest a remedy is eagerly welcomed.

Major-General Hogge, long in command of the Australian forces, was still another of the passengers—with Major and Mrs. Deane he is on his way home to England.

The Warrimoo had a remarkably light cargo, including 80 tons of mixed freight for Victoria and 177 packages for the Sound.

# Timely Warning.

The great success of the chocolate preparations of the house of Walter Baker & Co. (established in 1780) has led to the placing on the market many misleading and unscrupulous imitations of their name, labels, and wrappers. Walter Baker & Co. are the oldest and largest manufacturers of pure and high-grade Cocoas and Chocolates on this continent. No chemicals are used in their manufactures.

Consumers should ask for, and be sure that they get, the genuine Walter Baker & Co.'s goods.

# Quadra Mining and Milling Company

LIMITED.

Head Office—Victoria, B.C. Mines—Mineral Hill, Alberni, B.C.

## Capital, $500,000, in Shares of $1.00 Each.

DIRECTORS—Jno. Bryden, Esq., Geo. Alan Kirk, Esq., Thos. Shotbolt, Esq., J.P.
SECRETARY-TREASURER—Geo. A. Sargison, 48 Langley Street.

The above Company was formed for the purpose of purchasing and developing the Ophir and Last Chance mineral claims, which have been acquired, and the Quadra mineral claim has since been secured by the Company. These claims surround the southwestern end of the Consolidated Alberni group of claims, and comprise altogether about 130 acres of ground. An undertaking has been entered into with the E. & N. R. R. Co., for the purchase of this land. The Consolidated Alberni are now down fifty feet on their ledge, and the vein which was 18 inches on surface, has now widened to six feet of solid free gold quartz, which, in many recent assays has varied from $500 to $1,500 per ton in gold. There are several ledges on the Quadra Co.'s. locations, and on one of these a shaft is down twenty feet and shows up a quartz vein two feet in width, which has assayed from $8 to $24 per ton in gold. In appearance the quartz is exactly similar to that of the Alberni mine, and it is expected that further sinking and stripping will prove the existence of a large body of rich gold quartz. Work is now progressing on the property, and as soon as the road now being built up Mineral Creek by the government is completed—thus enabling the cheaper transportation of supplies—a larger staff of men will be placed at work.

The mines were purchased by the issuance of paid-up shares to the vendors, and 150,000 of these will be sold and the proceeds handed over to the company for the purpose of developing the mines. A block of 25,000 shares is now offered to the public at the rate of fifteen (15) cents per share, payable as follows:—5 cents on application, 5 cents in one month, and 5 cents in two months from date of application.

The management of the Company's affairs is in the hands of careful and responsible men, and investors can feel assured that their interests will be thoroughly protected.

Applications for shares may be made to the following brokers: Beaumont Boggs, Swinerton & Oddy, Lee & Fraser, Geo. Shedden or to the undersigned.

Victoria, June 1, 1896. je16

# JACKSON'S ⁘ GREAT ⁘ SALE

## STILL CONTINUES.

## WE TAKE IN HUNDREDS OF DOLLARS EVERY DAY.

$800 LAST SATURDAY.

All classes constantly crowd our store, and he must needs be dull and lacking in energy and a proper judgment of values who does not take advantage of our being compelled to sell, and the magnificent and unheard-of bargains we offer our customers. We must raise a sum of money by a certain date near at hand, hence the great inducements we offer people with cash.

☛We have a big lot of Misfit and Uncalled-for Suits, which we sell at almost any price. Remember this sale will soon close, as our lines are already getting broken, so great has been the rush.

## DIED.

WESCOTT—At the parents residence, 239 Yates street, on July 30th, Vera Winnifred, infant daughter of Margaret Jane, and John Russell Wescott, aged five months.

The funeral will take place to-morrow (Sunday) at 2 o'clock, from the residence as above. Friends will please accept this notice.

MADIGAN—At the family residence, 42 Work street, Rock Bay, on the 29th inst., Margaret Francis, the beloved wife of Mr. Benjamin Madigan, aged 58 years.

The funeral will take place on Saturday August 1st, at 9:30 a.m., from the residence as above, and at the Roman Catholic Cathedral at 10 o'clock. Friends will please accept this intimation.

## ABOUT THE LIVER.

A lazy, slow or torpid liver influences the whole system, causing biliousness, sick headach, sallow complexion, languor and dulness. Burdock Blood Bitters regulates the liver, purifies the secretions and cures all forms of liver troubles. We say so and here is the proof:

I hereby wish to thank you for the great benefit derived by me from your Burdock Blood Bitters. For three years I was troubled with liver complaint and tried everything to no purpose. I had almost given up hope until one day I determined to try Burdock Blood Bitters. I can say now that marked improvement resulted from the use of the first bottle and at the end of the sixth bottle I discontinued its use, being completely cured.

GEO. NICHOL, Seaforth, Ont.

I can certify to the above in every particular.
W. G. McLENNAN, Seaforth, Ont.

## PERSONAL.

E. M. Yarwood, of Nanaimo, is at the Driard.

James G. McCallum, of Portland, is a guest at the Driard.

Sherwood Gillespy, of Seattle, is paying the city a business visit.

D. W. and Mrs. Gillies were passengers from the Mainland yesterday evening.

Dr. Richard G. Brodrick, surgeon of the U.S. navy, is visiting his parents in this city.

Barrister D. Murphy was a passenger from the Terminal City by last evening's Charmer.

Thomas Earle, the well known fruit culturist, of Lytton, arrived over by last evening's Charmer.

J. A. Wood and wife, Toronto, and A. C. Mather, wife and daughter, Chicago, are guests at the Driard.

Captain R. Collister, government inspector of hulls, returned last evening from an official visit to the Mainland.

Rev. P. C. Yorke, chancellor of the diocese of San Francisco, left for home by direct steamer last evening, after a short visit to friends in the city.

The report that Miss Sharp, of the Victoria Conservatory of Music, has left Victoria is not true. She is away only for a visit and proposes to return in September.

F. S. Roper, government inspector under the contagious diseases of animals act, returned last evening from a visit to the Mainland in connection with his departmental work.

Mrs. H. C. Hazen, Miss Herrman, Miss Lewis, Miss Lowber and Miss J. E. Lowber compose a party of Brooklyn ladies who are visiting the city. They arrived from a trip to Alaska on the Queen yesterday morning, and are staying at the Driard.

☛Fast horses, good races, and h'rdle race handicap; Friday and Sa'urday. x

Miners, prospectors, and others who require absolutely exact and reliable assays or analysis should send their samples to J. A. Macfarlane, F.C.S., Vancouver, B.C. He has a very well equipped assay office and chemical laboratory—does all his work personally and in duplicate and sends returns with great promptitude. x

For a variety of nice refreshing cold drinks come and see M. C. Brown, Adelphia corner.

We are agents for Crossley's celebrated carpets, Nairn's linoleums and oilcloths, Liberty art fabrics, etc. Weiler Bros. x

Will be found an excellent remedy for sick headache. Carter's Little Liver Pills. Thousands of letters from people who have used them prove this fact. Try them.

Norway Pine Syrup cures coughs.
Norway Pine Syrup cures bronchitis.
Norway Pine Syrup heals the lungs.

Stub's Vegetable Blood Purifier—at all druggists. x

## SUMMER SPORT.

The Tennis Handicap Lies Between the Veteran Foulkes and Combe.

Championship Lacrosse on the Mainland To-day—Many Sports at Home.

FIXTURES FOR TO-DAY:

The Turf—Second day of the summer meeting at the Victoria Driving Park.

Yachting—Race of the A class fleet in the V.Y.C. series.

The Gun—Pigeon shooting at the Cliff House traps.

Cricket—Fifth Regiment v. R. M. A., at the Barracks, Work Point.

### LACROSSE.

TO-DAY'S GAME AT WESTMINSTER.

The Capitals went up to Westminster by the Charmer this morning to play the scheduled match with the Royal City senior lacrosse team this afternoon. Westminster though so far unsuccessful in winning from either Victoria or Vancouver, are hoping to break the combination this time and have been practising faithfully with that idea in view. They will have hard work to win however, for the Capitals are in splendid condition and quietly confident of putting up a great game. The only change in the Capital team from the list published yesterday is that A. Smith goes in place of Snider. Belfry, who last week was somewhat under the weather, has fully recovered his old form and the other men on the team are all in good shape.

### THE WHEEL.

AND THIS IS FAME!

The Portland Oregonian devotes the better part of three columns to singing the praises of Johnnie Staver in connection with his victory over the pacer Chehalis. It also publishes three meat-axe etchings that are labelled respectfully Staver, Freeman and Terrill. If these be truthful portraits how sadly has the beauty of the trio waned since the damp air of Oregon has played its pranks upon their erst fair complexions! In the case of Staver there is some trace of the friendly lineaments, though obsured by great chunks of putty and lubricant and other accessories that have accumulated above and below the classic brow. Terrill's identity is hopelessly lost in the caricature that bears his honored aame—for which mercy Terrill may well be thankful; Jo-Jo would take the published picture for a libel on himself. But Freeman!! * * * ?—Is it Freeman or a road map of the Saanich district? Freeman and the artist ought to know. The merit of the accompanying reading matter is, however, sufficient to ensure forgiveness; it entirely dispels the impression the pictures might otherwise create and places the public in possession of the fact that Staver, Terrill and Freeman are not horse thieves nor yet Cuban refugees, but three honest, hard-racing "pros." than whom there are none more popular on the Pacific Coast.

### LAWN TENNIS.

FOULKES AND COMBE LEFT.

Visitors to the tennis courts yesterday were rewarded with some excellent play, though there were only four matches contested. Mr. Combe met and defeated Mr. F. Ward after a stubborn and game resistance, 6-2, 6-5, the superior placing of the older player more than compensating for the points owed. Mr. George Johnston got away somewhat easily with Mr. Laundy, 6-3, 6-1, though conceding him 15. The champion had all he could do to beat Mr. H. Haines, 6-4, 6-5, and then was pitted against Johnston for the semi-finals, Combe drawing a bye.

There was no failure of interest in this match, Johnston fully maintaining his reputation in the first rank of the younger players. The scores in the first set ran neck and neck all through the games, Foulkes just finishing ahead, 6-5. In the second set Johnston led off with three games before the champion had a chance. He, failed however to improve his position and Foulkes ran up to him, finishing one game ahead as in the former set. The handicap resolves itself therefore into a match between the two most heavily penalized men, Foulkes and Combe, old antagonists on level terms, and the result of Mr. Combes' 15.1 will be watched for with keen interest.

### CRICKET.

FIFTH REGT. VS. R. M. A.

The following eleven of the Fifth Regt. C. C. will play an eleven of the R.M.A. on the latter's ground this afternoon, and are requested to meet at D. McIntosh's boathouse at 1:45 p.m. sharp: J. Cartmel, J. Lawson, W. Lorimer, M. Berkeley, E. Carmichael, F. Futcher, R. Worlock, R. C. Trimen, A. Booth, W. Boorman and T. Futcher.

### BASEBALL.

NEWSBOYS WIN THIS GAME.

The steadfast admirers in Victoria of the great American game of ball will learn with mingled pride and complacency that in the return game between the White Flyers and the Newsboys yesterday the latter won on the modest score of 30 to 16. Allen and Stewart were in the points for the Newsboys, and Cox and Larned did very effective battery work for the White Flyers—Cox having assistance from Turkey and Medina. The score fails to show how many of the opposing nines reached double figures or how large a portion of the total score was made up of "extras." The Newsboys now have a total of 12 games won out of 14 played this season.

### Calling in Loans in the U. S.

TORONTO, July 31.—The Canadian banks are commencing to call in their loans in the United States as a result of the free silver scare. It is estimated that considerably over a million dollars in gold coin have been imported into Canada during the present month. The Bank of Toronto alone since July 4 has brought in $450,000 worth of gold coin. All this money represents loans called in

## THE RAILWAY HORROR.

Opening of the Inquest on the Bodies of the Victims.

PHILADELPHIA, Pa., July 31.—At noon Coroner McLaughlin empanneled a jury to inquire into the Atlantic city railway disaster. It consisted of six of Atlantic City's wealthiest and most prominent citizens. When the jury reached the improvised morgue at the old excursion house, it was completely surrounded by an immense number of the morbidly curious, who crowded about every available entrance and window and peered at the forty-three boxes of all shapes and styles in which were encased the mangled remains in ice. It required fully one hour for the jury to review the bodies and immediately afterwards they adjourned till 4 p.m., when a special train took them to the scene of the tragedy. George F. Hauser, who has charge of the signal tower where the accident occurred, was arrested to-day and held pending an investigation.

Complete shaving outfits at Fox's. x

### Bishop Dumoulin Coming West.

TORONTO, July 31.—Bishop Dumoulin, of the Niagara diocese, has left for a trip to the Pacific Coast, and will return after the close of the Winnipeg synod, which meets in the middle of September.

### The Petrified Man.

WINNIPEG, July 31.—For some days the alleged body of a "petrified man" has been on exhibition here. Many have doubted its genuineness, but crowds have visited the side show to view the stony remains. A despatch to-night from Fisher, Minn., states that the plaster mould in which the stone man was made has been found there, thus exposing the "fake."

Buy Fruit Kettles at Cheapside. x

## NOTICE.

All persons indebted to Dr. John Lang, deceased, are requested to settle such indebtedness with Mr. A. B. Fraser, of Lee & Fraser, 11 Trounce avenue, whose receipt will be sufficient discharge.

jy26-1t (Signed) M. LANG.
